

JKTech Congratulates Newly Appointed IMPC President

JKTech would like to congratulate Professor Cyril O'Connor, from the University of Cape Town (UCT) South Africa, on his appointment as the new President of the International Mineral Processing Congress (IMPC) Council.

Professor O'Connor is Head of UCT's Centre for Minerals Research (CMR).

The CMR holds a strategic relationship with the Julius Kruttschnitt Mineral Research Centre (JKMRC) for collaborative research in mineral processing; and also acts as the regional representative for JKTech in South Africa.

Professor O'Connor is shown here with Dr Sarah Schwarz and Dr Rolf Fandrich at JKTech's exhibition booth at the 23rd IMPC Conference, held early September in Istanbul, Turkey.
