

## MEDIA RELEASE

5 November 2009

## JKTech a Consistent

### Leading Queensland Exporter

*JKTech's achievements in exporting its technology to the international mining and mineral processing market has again been recognised in The Premier of Queensland's Export Awards.*

The 2009 Awards saw JKTech named as one of three finalists in the Large Services category.

This is the fourth consecutive year in which JKTech has achieved a commendable result in these awards - 2006 saw JKTech named Winner in the Small to Medium Manufacturing and Mining category, with the company being named a category Finalist each year since.

JKTech's application promoted their consulting, training and laboratory services which are delivered to the global minerals industry.

These awards reinforce the vital commercialisation role that JKTech plays with the Sustainable Minerals Institute (SMI) at the University of Queensland.

#### About JKTech

JKTech Pty Ltd is the technology transfer company for the Julius Kruttschnitt Mineral Research Centre (JKMRC) and other Centres of the Sustainable Minerals Institute at The University of Queensland. Its role is to take viable research outcomes and transfer them to the international minerals industry. JKTech offers a range of innovative solutions for the minerals industry aimed at increasing productivity and metal recovery and reducing operating costs. These specialist products and services include consulting, software, equipment, laboratory services and knowledge transfer.
